----- Q3 & 9M FY26 Result Highlights -----

Commenting on the financial performance Mr. Vikash Agarwal - Whole Time Director, said,

“Our Company delivered a steady performance this quarter with consistent consumption trends across our key markets. Revenue was driven by a favorable product mix, with the Mid-Premium portfolio leading volume growth. While pricing conditions remained under pressure across segments and continued to weigh on net realizations, we responded in line with market dynamics. As a result, margins reflected the ongoing pricing pressure during the quarter.

On an overall basis, volume-mix delivered 3.0% growth during the quarter offset by a 3.8% adverse pricing impact. Exports continued to demonstrate healthy traction with Y-o-Y growth of 28%, contributing 4% to revenues. Modern trade including e-commerce contributed 6% to revenues during the quarter, reflecting calibrated channel expansion in a competitive landscape.

EBITDA for the quarter stood at ₹25.7 crores, translating to a margin of 8.2%, reflecting the impact of pricing pressures and product mix dynamics. We remain focused on disciplined cost management, sharper inventory control and improving operational efficiencies to protect profitability.

Operating cash flow for 9MFY26 stood at ₹49 crores, underscoring our continued emphasis on cash discipline and liquidity management. Our cash surplus strengthened to ₹41 crores as on December’25, reflecting prudent working capital management and a strong balance sheet position.

Looking ahead, our strategic priorities remain centered on strengthening the mid-premium portfolio, scaling high-growth categories such as Athleisure, optimizing channel mix, and driving efficiency-led margin improvement. With our established brands and extensive distribution network, we remain confident of navigating near-term headwinds while positioning the business for sustainable and profitable growth.”
